

IOHprofiler_problem
< InputType >

```
graph BT; A[IOHprofiler_suite< InputType >] --> B[IOHprofiler_problem< InputType >];
```

The diagram illustrates a relationship between two classes. At the bottom is a white box labeled 'IOHprofiler_suite< InputType >'. A blue arrow points upwards from this box to a gray box at the top labeled 'IOHprofiler_problem< InputType >'. This indicates that 'IOHprofiler_suite' is a base class or a component that is used within 'IOHprofiler_problem'.
